
A woman dances with her son
because of brain surgery that
reduced her epileptic seizures
performed by a neurosurgeon who was
able to pinpoint the foci of the seizure
due to breakthroughs in the
mapping of the human brain
advanced by physicians, mathematicians
and computer engineers around the world
inspired by new discoveries
in imaging technologies
reported in medical and
scientific publications.
ELSEVIER
Building Insights. Breaking Boundaries.™

The creation of knowledge depends on a continuous line of connections between people and ideas. That's why, for over a century, Elsevier has linked researchers and practitioners worldwide to the best and newest thinking in their fields. As a professional publisher of scientific and medical information, Elsevier facilitates the review, selection, dissemination and preservation of information, publishing thousands of journals and books and providing access to a world of information via the desktop or PDA. After all, we believe that getting the right information into the right hands can make a difference. **elsevier.com**

We see a way to reduce gynecological exam time by 30%

We see a way to increase penetration by 23% on technically difficult-to-image patients

See with clarity. Diagnose with confidence.

Proven Outcomes in Ultrasound. The new ACUSON Antares™ ultrasound system, premium edition is designed to let you see with unprecedented clarity – so you can diagnose your patients with increased confidence. This is the most technologically sophisticated Antares system Siemens has ever offered, with the advanced clinical and workflow capabilities you need to enhance the efficiency of your practice and fulfill all your clinical needs.

The Antares system, premium edition is ideal for your practice today, and for the future with its highly ergonomic design, advanced system architecture, state-of-the-art workflow and proven upgradeability. Its remarkable 2D, color Doppler, 3D, and 4D imaging quality and impressive vascular and OB imaging capabilities make it just as versatile as it is confidence-inspiring.
